SAITEJA PONAGANTI

+91 6301024441 — saitejaponaganti0611@gmail.com — linkedin.com/in/saiteja-ponaganti — github.com/ponagantisaiteja

OBJECTIVE

Enthusiastic and detail-oriented Computer Science graduate with a strong foundation in full-stack web development, software engineering. Passionate about building scalable applications and leveraging machine learning tools to solve complex, real-world engineering challenges. Eager to collaborate in a dynamic environment and contribute effectively to innovative engineering teams.

SKILLS

Programming Languages: Java, Python, C
Web Development: HTML5, CSS3, React.js
Databases: MySQL
Tools & Version Control: VS Code, Git, GitHub
Core Computer Science Concepts: Object-Oriented Programming (OOPs), DBMS, SQL, Data Structures & Algorithms (DSA)

PROJECTS

ShareEasy | *React.js, Node.js, Express.js, MongoDB (MERN Stack)* **Feb 2026**

- Engineered a secure full-stack file-sharing platform enabling swift multi-format document and image uploads.
- Developed a robust Express.js backend for optimized file handling and storage tracking, reducing latency.
- Integrated automated generation of unique, shareable URLs and instant QR codes for frictionless data transfer.
- Designed a modern, fully responsive React.js user interface ensuring a seamless UX across mobile and desktop devices.

Specialized Visual Assistant – Yoga Pose Detector | *React.js, Flask, Python, AI/ML* **Feb 2026**

- Developed a multimodal AI-powered Yoga Assistant architecture combining user text queries with real-time image inputs.
- Implemented an EfficientNet-B0 backbone for accurate deep-learning-based classification of diverse yoga poses.
- Integrated a Visual Retrieval-Augmented Generation (Visual-RAG) pipeline to keep responses strictly grounded and factually accurate.
- Connected a Flask REST API backend with a dynamic React.js frontend for fluid data flow and inference processing.

EXPERIENCE / INTERNSHIP

Edunet Foundation (AICTE Partnered) **April 2025 – May 2025**
MERN Stack Development Intern *Remote*

- Built full-stack production components using MongoDB, Express.js, React.js, and Node.js frameworks.
- Implemented secure user authentication and state protection protocols utilizing JSON Web Tokens (JWT).
- Designed and benchmarked clean RESTful APIs to handle core database operations seamlessly.
- Practiced strict version control with Git/GitHub, writing modular, maintainable code within an agile workflow.

EDUCATION

Rajiv Gandhi University of Knowledge Technologies (RGUKT) **2022 – 2026**
Bachelor of Technology in Computer Science Engineering (CGPA: 7.48/10) *Basar, Telangana*

Rajiv Gandhi University of Knowledge Technologies (RGUKT) **2020 – 2022**
Pre-University Course (MPC with IT & Python Specialization) (CGPA: 7.68/10) *Basar, Telangana*

GHS Dhangarwadi High School **2019 – 2020**
Secondary School Certificate (GPA: 10/10) *Karimnagar, Telangana*

CERTIFICATIONS & ACHIEVEMENTS

Full Stack Web Development Certification – Issued by Edunet Foundation (AICTE Corporate Internship) *Mar 2025*
Technical Problem Solving: Solved over 400 combined algorithm and structural data problems across LeetCode and GeeksforGeeks.
National Cadet Corps (NCC): Earned the **NCC 'A' Certificate** under the Indian Army Wing.
